This prominent Doctor is No Longer Recommending that you get the "Vaccine" - Watch this short video to find out why.

Dr. Peter McCullough has been the world's most prominent and vocal advocate for early outpatient treatment of SARS-CoV-2 (COVID-19) Infection in order to prevent hospitalization and death. On May 19, 2021, he was interviewed regarding his efforts as a treating physician and researcher. (Click Here to Watch the entire 1:45 full Interiew for more information)

From his unique vantage point, he has observed and documented a PROFOUNDLY DISTURBING POLICY RESPONSE to the pandemic -- a policy response that he says may prove to be the greatest malpractice and malfeasance in the history of medicine and public health.

Dr. McCullough is an internist, cardiologist, epidemiologist, and Professor of Medicine at Texas A & M College of Medicine, Dallas, TX USA. Since the outset of the pandemic, Dr. McCullough has been a leader in the medical response to the COVID-19 disaster and has published "Pathophysiological Basis and Rationale for Early Outpatient Treatment of SARS-CoV-2 (COVID-19) Infection" the first synthesis of sequenced multidrug treatment of ambulatory patients infected with SARS-CoV-2 in the American Journal of Medicine and subsequently updated in Reviews in Cardiovascular Medicine.
